

MAYANK RAJA

Computer Science & Engineering Student | Dayananda Sagar College of Engineering

Bangalore, Karnataka | GitHub: github.com/mayankraja284 | LinkedIn: [linkedin.com/in/mayank-raja-81568b36b](https://www.linkedin.com/in/mayank-raja-81568b36b)

EDUCATION

Dayananda Sagar College of Engineering, Bangalore

Bachelor of Engineering in Computer Science & Engineering | Current Year: 2nd Year | CGPA: 9.23 / 10

TECHNICAL SKILLS

Programming & Fundamentals: C, C++, Python, Java, Data Structures & Algorithms, Object-Oriented Programming, Git

Web Development: HTML, CSS, JavaScript, React, TypeScript, Tailwind CSS, REST APIs, Databases

Tools & Workflows: Git, GitHub, VS Code, Linux/Unix, AI-assisted development tooling

PROJECTS

Data Pulse | Live Analytics & Telemetry Dashboard

- Built responsive real-time data streaming dashboard with interactive metrics visualization and latency graphs.
- Tech Stack: React, TypeScript, Tailwind CSS, Vercel | Live: data-pulse-rust.vercel.app

Virtual Green Education | Sustainability & Environmental Learning Platform

- Developed interactive education platform featuring virtual field trips, eco simulations, and gamified quizzes.
- Tech Stack: React, Modern Web Modules, Vercel | Live: idt-project-ten.vercel.app

Queueless | Digital Queue & Waiting Optimization (In Development)

- Architecting a digital workflow to reduce unnecessary physical waiting lines with live token tracking.

AREAS OF INTEREST & LEARNING

- Deepening algorithmic problem solving and advanced Data Structures & Algorithms.
- Exploring AI-augmented developer tooling, modern web architectures, and scalable systems.
